

## *Print Partner of the Month*

**JP Graphics** prints for a lot of interesting companies that offer pretty cool products and services... this month's partner is [Gamelan Bay](#), a labor of love from two high-tech veterans who are also herbal enthusiasts.

Gamelan Bay sells high-quality [Kratom](#), powdered leaf from a tropical tree that's closely related to the coffee plant. In Southeast Asia, Kratom has been used for centuries to relieve pain, raise stamina, and provide focus.

The company also offers exotic imported teas, craftsman soaps, and hard-to-find herbs that promote a healthy lifestyle.

From now through April 30th Gamelan Bay is saluting their relationship with JP Graphics by offering a **10% discount** on any order. It's a great way to welcome Spring!

Use coupon code: **JP10** to receive **10% off** any order!

Offer Expires: April 30, 2019
