## Full Print Cooling Towel

**EYMF218**

This sports cold towel does not contain chemicals, polymer materials, glue, crystals or phase change materials. The water absorbed by this cold towel absorbs the heat when it evaporates to get a cool feeling, and can be carried around to wipe foreheads, arms and other occasions. The fibers used are safe and non-irritating fibers. Compared with ordinary moisture-proof fabrics, this fabric is light, breathable and comfortable to wear.
